**A praise of My Tiny Flower, who enraptured by the ecstatic vision of Jesus admires his beauty.**

*My Lord and my God, you are here in front of me, my eyes are always on you, they delight in your light. Your gaze is poured upon your creature, admiring the candor of your Holy Face and the heart is pleased with so much beauty and love. You keep silent, but many of your Words enter me. Give me a breath of your Power of Love and I will enclose it in my heart to keep it like a precious treasure.*

*My Lord, I lose myself in ecstasy gazing at your Holy Face. I lose myself in You while You fill my soul with heavenly graces. You raise high walls around it to shelter it from the impervious roads of life.*

*My Lord, telling you that I love you is very little, kind yes, but devoid of the love that I feel for you. A little creature which I am in seeing so much sublime majesty. Yes*

*my King and my Redeemer, in what capacity will I come to You? I would like a candid dress to shine in your presence, in the face of so much power of Light.*

*My King, your daughter bows down to You and says:*

*“My Lord and my God, I ask you for forgiveness and mercy”.*

«Here I am to you my creature, My Little Flower you are in my eyes. You like Daisy, with white petals opens them like so many arms, to go and give praise to her Creator. Stretches out towards Heaven thanks her Creator. Daughter you do like this little flower, you raise your arms, you sing praises and prayers to Me Jesus, your Redeemer.

And now Jesus the Lord blesses you, go in my Peace. The Most Holy Trinity. The Amen».
